

11/18/2008

Greetings Fellow Greater Indiana CLMA members,

I would like to invite you to participate in the CLMA's Good Practice Sharing (GPS) Challenge.

CLMA's Good Practice Sharing Program is designed to deliver quality healthcare solutions right into the hands of all CLMA members. By collecting the most effective and beneficial laboratory processes from industry professionals, GPS makes them available to members through CLMA's MasterMind!

Meet CLMA's Good Practice Sharing Challenge! Not only will you be rewarded for your hard work with a \$50 check but every submission made now through December 31, 2008 will enter you to win a free registration to ThinkLab '09 in Tampa, FL. The Chapter with the most submissions will win a free audiolab from our 2009 Patient Safety series.

It's Super-Easy to Do. CLMA members submit their good practices by visiting <http://www.clma.org> and entering MasterMind. Once inside, click Interactive and select Good Practice Sharing. Then, click the large Submit Good Practice button to open the submission window. It's that easy.

To learn more about CLMA's GPS initiative visit the CLMA's website or contact me. I would be happy to help you in any way I can. I hope to see GICLMA well represented in the challenge.

Best Wishes for a Happy and Healthy Holiday Season,

Bonnie Fischer, MT (AMT)
